OBJECTIVE

Motivated and detail-oriented Java Full Stack Developer with 1.5 years of hands-on experience in developing, testing, and maintaining web applications. Proficient in both frontend and backend technologies including Java, Spring Boot, MySQL, HTML, CSS, JavaScript, jQuery, and Bootstrap. Skilled in building RESTful APIs, integrating databases, and implementing clean, efficient code. Demonstrated ability to work in fast-paced team environments, solve real-world problems, and deliver high-quality software solutions. Actively seeking opportunities to contribute to innovative projects as a Full Stack or Backend Developer.

WORK EXPERIENCE

Software Engineer
Cybernexa InfoTech

Oct 2023 - Apr 2025

- Contributed to company-level Spring Boot projects by developing and maintaining backend logic and frontend interfaces.
 - Fixed UI issues in HTML, CSS, JavaScript, and jQuery to ensure cross-browser compatibility and responsive design.
 - Performed manual testing on various modules to identify bugs, validate fixes, and ensure functionality matched requirements.
 - Developed and consumed REST APIs for CRUD operations and dynamic data handling.
 - Collaborated with team members using Git for version control and participated in daily stand-ups.
-

EDUCATION

SRM TRP ENGINEERING COLLEGE

BACHELOR OF ENGINEERING - 7.5 GPA

2018 - 2022

PROJECT

Student/Admin Management System

2024

- Developed a full-stack college management system with Spring Boot (backend), HTML/CSS/JavaScript (frontend), and MySQL (database).
 - Features: Student/Admin login, registration fee payment, admin dashboard for managing student data.
 - Implemented validation, session management
-
